Summary

- I graduated from Arab Academy for Science, Technology and Maritime Transport with a Excellent Grade.
- I am a very hard worker and always motivated to complete tasks successfully and on time.
- I use to work in Embedded Microcontroller Projects as a freelancer for two years.

Objectives

In applying for this position I hope to further develop my automation & electrical skills by creating and designing new systems to make company products not simply competitive, but cutting edge. Through the development of these skills I hope to expand the company's ability to target high profile clients and enter into new markets.

Education

Electronics & Communications Engineering

Arab Academy for Science, Technology and Maritime Transport (AASTMT), Cairo campus,
Cairo, Sheraton, Egypt

Graduated: August 2013
